

Strategic Planning

Initiative

Develop and maintain a strategic plan to provide the SSA with medium- and long-term decision-making guidance and a basis for measuring performance.

Project Manager

Robert Davis, General Manager

Scope / Strategy

Procure an external consultant to develop a strategic plan with significant input from the SSA staff, Port Council, Board Members, constituent communities, and other stakeholders. Set up a framework for future maintenance of the plan.

Timeline

- Contract awarded by end of 2019
- Strategic plan delivered in 18 – 24 months

Estimated Cost

To be established over the next several months as the scope is further defined. Initial estimates indicate \$200,000 - \$300,000.
