

Vessel Operations

Initiative

Realignment of operational departments and potential addition of an operations department head.

Project Manager

Janice Kennefick – Director of Human Resources

Scope / Strategy

Develop a plan to address reorganization of the operations departments (marine operations, shoreside operations and engineering) to address items including, but not limited to, the chain of command, shared functions, lines of reporting, modified job descriptions and the delegation of authority.

Evaluate the need for an operations department head and additional shoreside operations resources.

Timeline

3 – 6 months

Estimated Cost

Internal resources only.
