HYANNIS SHUTTLE BUS SERVICE BETWEEN OUR PARKING LOTS AND HY-LINE

If you plan to ride Hy-Line's *M/V Grey Lady* during the winter, when the *M/V Iyanough* is not operating, and you park in one of our Hyannis parking lots, we will provide shuttle bus service for you to and from Hy-Line's Hyannis Terminal. Passengers traveling off-island who would like this shuttle service should call (508) 790-1698 when Hy-Line's *M/V Grey Lady* is approaching the Hyannis harbor. Please remember that our drivers need to transport our own passengers to and from our ferries, so it might take a few extra minutes before our drivers can meet you at Hy-Line's terminal during particular times of the day.

MEDICAL TRAVEL

Traveling to the Mainland for Medical Treatments/Appointments

If you are an island resident or a caregiver for an island resident who needs to travel to the mainland with your vehicle on a repeated basis for special medical treatments or appointments, you might be eligible to travel on a discounted automobile excursion fare. The rate is equal to one-half of the excursion fare, based on the time of the year and the size of the vehicle, and is available to those island residents who are already eligible for the excursion fare and are profiled as such in the Steamship's reservation system, and meet the following requirements:

- A series of at least five scheduled medical treatments or appointments over a 3-month period for the same medical condition; follow-up appointments within a 12-month period also qualify.
- Vehicle reservations at this reduced rate must be arranged through the reservation manager or a supervisor at the Mashpee Reservation Office.
- Supporting documentation from a doctor or medical office need to be provided at the time of the request for this reduced fare.
- The reservation manager and supervisors will be allowed, at their discretion, to make other special travel arrangements upon request for those island residents requiring frequent treatments or appointments on the mainland for the same medical conditions.

Vehicle reservations at this reduced rate can be requested and arranged through the reservation manager or a supervisor at the Mashpee Reservation Office, open daily from 7:30 AM to 4:00 PM. Please call (508) 477-8600 or email supervisors@steamshipauthority.com.

High-Speed Ferry 10-Ride Ticket Books for Frequent Medical Travel

Nantucket residents who require frequent medical treatment on the mainland may purchase high-speed ferry 10-ride ticket books at fifty percent (50%) of the price of the applicable 10-ride electronic ticket book price on the following conditions: The eligible resident must have at least five scheduled medical appointments over a 3-month period for the same medical condition; reservations at this reduced price must be requested and arranged through the Reservation Manager or a Supervisor at the Mashpee Reservation Office; and the eligible resident must provide supporting documentation from a doctor or medical office.

Reserving Preferred Space for Medical Treatments, a Disability or to attend a Family Member's Funeral

If you (and your caregiver) need to travel with your vehicle for medical appointments or treatments or to attend a funeral service upon the death of a member of your immediate family, you may reserve preferred space in advance, provided you have a preferred profile account with the Steamship. Please contact the Mashpee Reservation Office during regular office hours and ask to speak to a supervisor on duty. You may be required to submit written verification of your eligibility and need for the advance reservation, which will be determined by the supervisor.

PREFERENTIAL BOARDING FOR EMERGENCY SITUATIONS

We make every possible accommodation for medical emergencies. In these cases, an ambulance or a personal vehicle is boarded on a preferential basis. Per our policy, an emergency situation exists when an ambulance or a customer's vehicle needs to be transported to the mainland without delay for emergency medical care that is not available on the island, or a customer's vehicle needs to be transported to the mainland without delay so that the patron can attend to a death or an unexpected serious illness or injury of a member of the patron's immediate family on the mainland.

If you need to arrange for emergency preferential boarding, contact a Mashpee Reservations Supervisor at (508) 477-8600 during regular business hours. When a supervisor is not available, a terminal agent makes the determination. You will need to provide written verification from your physician or health care provider of your urgent need to travel on our ferry without delay, by submitting a Certificate of Medical Need, which can be downloaded from our website at <https://www.steamshipauthority.com/about/forms>, or you may request the form at any of our terminals. Completed forms can be sent to the Mashpee Reservation supervisors by fax at (508) 477-8717, or submitted by email to supervisors@steamshipauthority.com.

RESERVATION INFORMATION

Customer Accounts

Our online reservation system makes it easy to book vehicle reservations. The first step is to create a customer account by creating a username (this can be your email address) and password. Once you set up your customer account, you can access a Dashboard page, where you can view or update your personal information, vehicle information or upcoming reservations, as well as view details for all past reservations and other purchases.

Reservations can be made up to two hours before the scheduled departure, on our website, 24 hours a day, 7 days a week. You can also book reservations by calling our Reservation line, or make them in person at any terminal. Online reservations must be paid for at the time of booking. For telephone or in-person reservations, payment must be made within five days of booking. If made less than five days before your travel date, payment is due the day before you travel. We accept cash, checks, Steamship Authority gift cards, American Express,

MasterCard, Visa and Discover credit cards for advance reservations. Service fees are assessed for returned checks. You may also pay for a reservation using a Steamship auto ticket book.

Headstart Program

Each January, we offer our Headstart program, which allows year-round and seasonal Nantucket residents to make up to five reservations prior to the opening of reservations to the general public. This program allows island residents more assistance in traveling back and forth to the mainland for their medical and other daily living needs during the summer season, when vehicle reservations are more difficult to obtain.

Preferred Space

To assist island residents in traveling back and forth to the mainland for their medical and other daily living needs, the Preferred Space Program provides island residents the opportunity to make a limited number of reservations for such travel, either seven days or one day, before their day of sailing. Nantucket preferred spaces go on sale one day in advance of the departure date. Reservations can be made after 6:45 AM in person at the Nantucket terminal, or after 7:30 AM online or by calling toll-free from Nantucket (508) 228-3274 or (508) 477-8600. Preferred Space reservations are limited to one per customer, per day. These reservations can be purchased as a one-way trip from Nantucket or as a round-trip originating from Nantucket. All Preferred Space reservations are non-refundable and non-transferable.

Eligibility Requirements

In order to be eligible for the above-mentioned programs, an individual must be profiled for the Excursion or Preferred programs. The Excursion and Preferred Profile applications are available at all terminals or online at www.steamshipauthority.com/about/forms.

Reservation Cancellations & Changes

A minimum of 14 days' notice is required to be eligible for a refund on fares for vehicles less than 20 feet in length. A \$10 processing fee will be assessed on all refunds. Reservations changed within 14 days of reserved travel dates are non-refundable. Passenger fares are fully refundable for up to two years.[†] All vehicle reservations are non-transferable. At least one hour's notice is required to make any date changes. One date change may be made at no charge; all additional date changes are \$10 per change.

[†] Due to circumstances surrounding COVID-19, we have extended the time period in which customers can use a passenger ticket or vehicle reservation. The tickets or reservations are now good for two years from the date of purchase instead of one to allow for greater flexibility when rescheduling plans.

Extended Reservation Phone Service

We provide extended phone service for Hyannis/Nantucket Passenger High-Speed Ferry Reservations from 7:00 AM to 9:00 PM, every Friday, Saturday, Sunday and Monday from June 19 through September 7 and May 21 through May 26, June 30, July 1, July 2, August 25, September 8, October 9 and October 12, 2020.

Reservation Confirmations

If you book a reservation on our website, you can print a reservation confirmation. If you book a reservation via telephone, a reservation confirmation will be emailed to you. You can also obtain a copy of your reservation confirmation at any terminal. You will need to present your reservation confirmation upon checking in at a terminal. Please arrive at least 30 minutes in advance of your scheduled departure.

Wait List

If you are unable to make a reservation for the date or time desired, you may request to be placed on a wait list. Wait list requests are on a first-come, first-served basis, and are automatically processed. When wait listing, you have four options:

- 1) Up to 48 hours in advance
- 2) 24 hours in advance
- 3) Noon the day prior to travel
- 4) A user-specified drop date

If your reservation is changed to one of your wait list requests more than one week in advance of the scheduled sailing, we will text, email (or mail, if preferred) you a notice of the change. If the change occurs one week or less before the scheduled sailing, we will text, email or telephone you to notify him/her of the change, depending on your choices set in your customer profile.

Changes can also be viewed on our website on the Dashboard or under My Purchases (also on the Dashboard). Once a wait list change is made to your reservation(s), we can only honor the reservation as changed and cannot honor your original reservation. Accordingly, you must view your vehicle reservations on our website or call the Reservation Office prior to scheduled sailing time to verify any wait list changes after your wait list choice drops. Changes to a reservation as a result of a wait list request are not considered "Reservation Changes" and do not result in any cancellation or change fees; but once a reservation is changed due to a wait list request, the changed reservation is subject to all cancellation and change fees.

VEHICLE STANDBY

If you desire to travel with your vehicle on a standby basis on the next available trip, you may either call or go in person to the Nantucket terminal, or go in person to the Hyannis terminal to place your name on the standby list. Standby numbers will be issued, and can view your standby status on our website. You can also request that we notify you of their standby status via email or text.

During the months of July and August, customers whose vehicles are traveling on regular fares may not drop off their vehicles at the Hyannis terminal more than two calendar days in advance of their vehicle reservations. This does not apply to those customers traveling on excursion fares.
